Carrer Objective

Enthusiastic and detail-oriented recent graduate with a certification in Full Stack Development from IT Vedant, eager to start a career as a web developer. Proficient in HTML, CSS, JavaScript, and familiar with frameworks like Django and Node.js. Committed to applying my skills in front-end and back-end development, along with my ability to quickly learn and adapt to new technologies. Seeking an opportunity to contribute to a dynamic team, deliver high-quality web solutions, and grow professionally in a fast-paced tech environment."

Technical Skills

Programming Skills: Python, JavaScript, Django Rest Framework

Front-End Skills: HTML, CSS

Data Base : SQL

Internship

Web Development Intern

DevTech | Remote

Dec 7, 2024 – Jan 7, 2025

- Contributed to design, development, and enhancement of web applications using both front-end and back-end technologies.
- Collaborated with the team to improve system functionality and user experience.
- Gained hands-on experience with frameworks such as Flask/Django and front-end technologies like HTML, CSS, JavaScript.
- Completed tasks efficiently and adhered to company policies, collaborating effectively in a remote environment.

Projects

1. Job Portal

Tech Stack: Backend: Python (Flask/Django), Database: SQL (MySQL), Frontend: HTML, CSS, JavaScript

Developed a job portal for users to create profiles, search for jobs, and apply. Implemented CRUD operations for job listings and user profiles, with features like job filtering and application tracking.

2. Flipkart Clone (E-Commerce Application)

Tech Stack: Backend: Python (Flask/Django), Database: SQL (MySQL), Frontend: HTML, CSS, JavaScript

Simulated an e-commerce site allowing users to browse products, add to cart, and checkout. Integrated user authentication and order tracking features, with a responsive frontend built using HTML, CSS, and JavaScript.

3. Task Tracker

Tech Stack: Frontend: HTML, CSS, JavaScript

Developed a task tracker app where users can add, track, and organize tasks. Features include task categorization and deadlines with a responsive UI and real-time updates.
